

This document describes the Housing Finance Agency (HFA) Hardest-Hit Fund (HHF) data that state HFAs are required to provide to the U.S. Department of the Treasury. It includes quarterly borrower characteristic data and program specific performance data. All HFA HHF data submitted to the U.S. Department of the Treasury must be accurate, complete, and in agreement with retained HFA records. Data should be reported by each state HFA by the 45th day following the quarter.

Data requested in the "Borrower Characteristic" worksheet should be reported in aggregate for all HHF programs run by the state HFA. Program specific data is separated into reporting tabs for each individual program. State HFAs should report program performance data on an individual program basis. A data dictionary has been provided to assist in the definition of each data point.

1. Includes second mortgage settlement

2. Borrower still owns home

- A coding error in a previous quarter resulted in the cumulative Borrowers Receiving Assistance being overstated by one (1) borrower. The cumulative number has been corrected in this report.

- As requested by Treasury beginning with the Q2-2014 report, all Program-level "Number of Borrowers in Process" are reported as "N/A" due to the fact that all applicants are considered "In Process" for all Programs at the time of application.

- Since applications marked as denied or withdrawn in previous quarters may be reconsidered due to a change in borrower circumstances, some borrower counts may not sum in a quarter-over-quarter fashion.

- Due to a change in the date used to determine Approval Date that was made in Q4 2011, Homeownership Retention totals will not balance to quarter-to-quarter activity previously reported.

- Cumulative "Program Outcomes" and sub-categories will not balance quarter-to-quarter due to borrowers who were previously closed out who later reopened with new or extended hardships.
